© 2006 B.C. POTTERY

B.C. Pottery was founded in 1993 by Sarah Butler & Martin Clark and quickly became established as a quality supplier to many of the UK's leading department stores, specialist stores and galleries.

Our focus is on design; creating contemporary ceramics which are beautiful, functional and original. In this year's collection we have introduced many new designs across our ranges of tableware, vases, bowls and bathroom accessories - all at fantastic prices which include delivery on orders over £275 (ex. vat)!

These ranges are manufactured from our hand thrown originals giving an appealing, subtle, tactile quality unmatched in other manufactured pottery. Great attention is given to detail and all pots are glazed underneath and stamped with the B.C. Pottery logo.

Each piece is made using stoneware clays & glazes and this high fired process ensures that all our tableware is dishwasher / microwave safe etc. and that all of our work is 100% water-tight.

For larger orders we can also offer bespoke colour ways or fully bespoke ranges - please call for details.

We hope you like the catalogue and look forward to hearing from you soon.
